Small Business Support

**We Mean Business!**

**No matter what size your  
business is, give us a call today!**

Besides having a state of the art walk-in residential service center, we have dedicated all new workstations and staff to our business department. We are the only local computer store to have a separate staff that strictly handles all your business needs. It does not matter if your company has 2 employees or 200, we are here to take control of your computer problems. We have fast service and commercial grade computers running the operating system you need. We can give you references from some of the best and largest businesses in our area.

Need a server for your business? We can custom build one to meet the needs of your company. Already have a server? We can tailor a maintenance plan just for you. We offer onsite and remote maintenance to keep your network in top shape. We also offer business grade backup solutions. Don't wait until there is a major problem! Take the steps to prepare in case of a crash. Not sure if your business needs a complete overhaul of all your PCs? Have us come out and check your business' setup and configuration. **Call for a free onsite business evaluation today and get the peace of mind you deserve!**

Now with 2 stores and 2 full time staffs, no local company can serve you or your business better or faster than us. We have expanded our staff and work areas to accommodate new businesses. Walk-ins, onsite and remote services are available to all our companies. No contracts to buy, just good, honest and fast business help.

**Need references? We can give you the peace of mind that is hard to come by simply because we have so many business accounts. We have someone in your line of work that can give you a reference on their experience with us. Call today to setup your free evaluation.**
